

The document will show the flow of the Quiz-Time application

Once loaded the below screen renders questions which are read from a json file

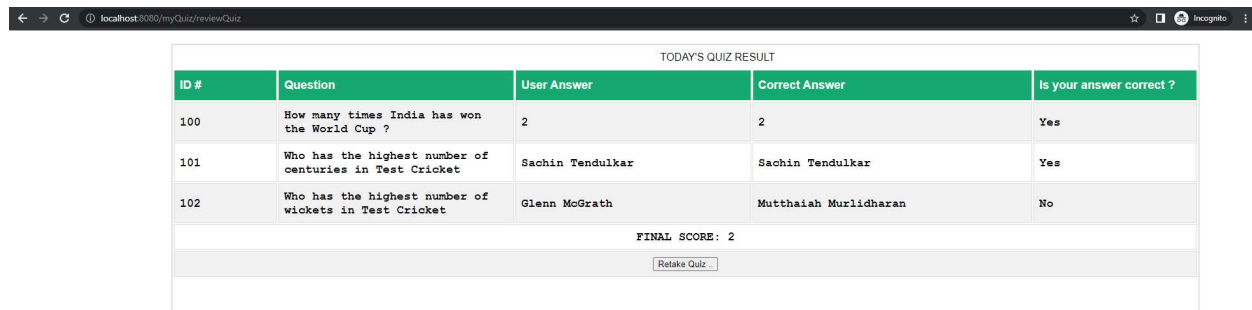

The screenshot shows a web browser at localhost:8080/myQuiz/genQuiz?btnHome=Retake+Quiz+. The page is titled "TODAY'S QUIZ" and contains a "Question" section with three items:

- 100) How many times India has won the World Cup ?
☐ 3
☐ 5
☐ 2
☐ 1
- 101) Who has the highest number of centuries in Test Cricket
☐ Sachin Tendulkar
☐ Ricky Ponting
☐ Brian Lara
☐ Sunil Gavaskar
- 102) Who has the highest number of wickets in Test Cricket
☐ Anil Kumble
☐ Shane Warne
☐ Glenn McGrath
☐ Muthaiah Murlidharan

A "Review" button is located at the bottom of the question list.

User can then attempt to answer the questions mentioned and then click on the “Review” button to know the result of the quiz.

The screenshot shows a web browser at localhost:8080/myQuiz/genQuiz?reviewQuiz. The page is titled "TODAY'S QUIZ RESULT" and displays a table with the following data:

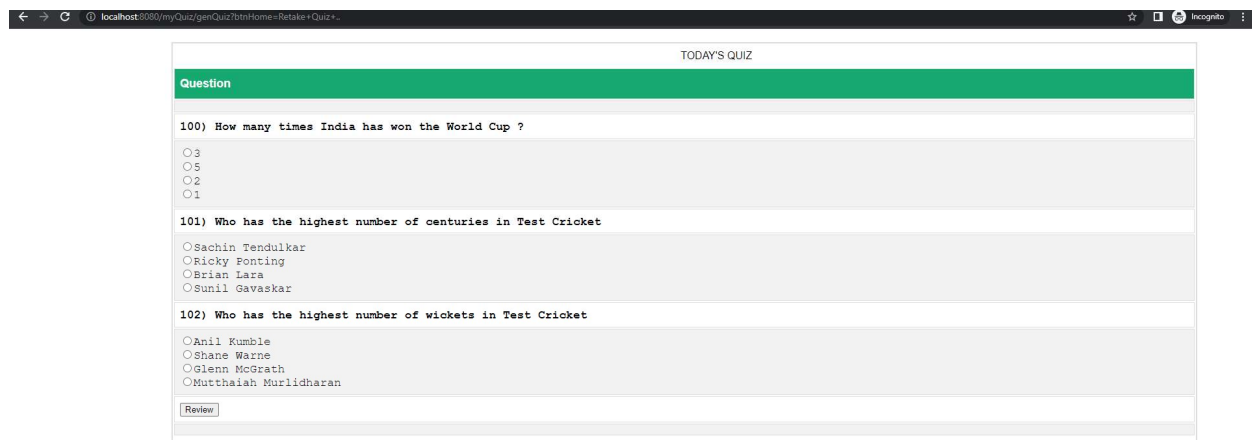

ID #	Question	User Answer	Correct Answer	Is your answer correct ?
100	How many times India has won the World Cup ?	2	2	Yes
101	Who has the highest number of centuries in Test Cricket	Sachin Tendulkar	Sachin Tendulkar	Yes
102	Who has the highest number of wickets in Test Cricket	Glenn McGrath	Muthaiah Murlidharan	No

Below the table, it shows "FINAL SCORE: 2" and a "Retake Quiz" button.

This screen will show the user answers and the correct answers and show the final score.

The user has an option to retake the quiz by clicking on the “Retake Quiz” button.

This will take user back to the main page to attempt the quiz again.

This screenshot is identical to the first one, showing the "TODAY'S QUIZ" interface with the same three questions and the "Review" button.
